

HEAD OF THE LAKES UNITED WAY

Impact at a Glance

Dear Friends,

On behalf of board members, staff, volunteers, and partners of Head of the Lakes United Way, we extend our sincere gratitude for your ongoing support.

United Way is more than a fundraiser. We are the hand-raisers. We raise our hands not only to lead the fight, but to reach out to people who need help. And hope.

Together we positively affected the lives of thousands of people in our region. By living United, we forged unlikely partnerships, found new solutions to old problems, mobilized local resources, and inspired each other to join the fight to address our community's most daunting social crises.

We hope you enjoy reading the included community investment information, secure in the knowledge that you've helped make such life-changing impact possible. Thank you so much for your continued partnership.

Kindest regards,
Matthew G. Hunter, President
