

EDUCATION

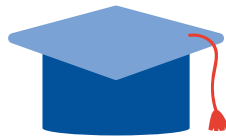

We're striving to shift the odds so tomorrow's leaders can build a better foundation today. With an approach to education that spans from cradle to career, we're ensuring every child gets a strong start in life, teenagers have the tools to learn and grow, and young adults thrive in the job market.

701

Youth served through community and out-of-school programs.

168

At-risk youth received supportive services that included GED and high school graduation prep.

16

Partnering agencies were funded who specialize in Early Childhood and Youth Success.

IN TRANSITION

Throughout our time in transition, education numbers are missing that reflect the full capacity of both Youth Success and Early Childhood Success throughout our geographical locations. Head of the Lakes United Way partners with community organizations that provide educational opportunities including job and career training, high school graduation and GED certification courses, and other programs that support school readiness and initiatives. In the future, partners will be required to report numbers to HLUW to better tell our story in the future.
