

WHY OUR COMMUNITY GIVES BACK

Head of the Lakes
United Way

What's most fulfilling about donating to HLUW is that our donations go to work right here in the local community. You can stop by any of the many United Way funded organizations and see how your money is being spent. What you will find are dedicated, hard-working staff members empowering individuals to better their lives.

"Grandma's Restaurant Company is proud to have a long-time relationship supporting the United Way in their effort to assist community members who need some help navigating life's challenges."

- Grandma's Restaurant Company-

"Head of the Lakes United Way does so many good things for the people of our area, we feel this is another good way we at Harbor Insurance can support our neighbors."

- Harbor Insurance-

"I'm so proud of the agency's long-standing support of United Way, and through our giving, our collective efforts to help people in our region. Each year, when we hear stories about the impact real people feel, we feel rewarded for the trust we put into United Way. And in our world today, that trust is an important commodity."

- Hailey Sault-

"What I love about this Giving Campaign is that your gift, no matter the amount, can change someone's life. And it's possible it's changed the life of one of your colleagues, friends, neighbors, or even for you and your family."
